Pleated Wide Trouser

vn-p017

Resolved reference finding

Replaced both Jet Black and Charcoal rear references with authored true-rear mockups: fixed waistband with center-back loop, rear waist shaping darts and center-back seat seam. No front fly, front pleats or front emblem appears on the rear. Plain rear without added pockets is the R10 design decision.

Version precedence

R10 correction pack supersedes conflicting R07/R08/R09 descriptions, references and affected dimensions. Retain unchanged original specifications. This closes the reference finding, not bulk-production approval.

Design authority and limits

R10 is an authored design-reference correction under the owner instruction to finish the findings. Rendered rear views and hidden construction are documented design decisions. They are not photographs of manufactured samples. Actual fit, material performance, hardware tooling and embroidery sew-out still need factory validation.

Corrected references

jet-black-back-r10

charcoal-back-r10

Construction and artwork

Design features

Wide tailored legs, front pleats and fixed waistband with belt loops. R10 rear: center-back loop, shaping darts and center-back seat seam; plain seat without rear pockets. Emblem remains front-only.

Material target

65% polyester/35% viscose woven suiting, 240 GSM

Assembly

Type 301 lockstitch joining; type 504 overedge raw edges. Reinforce existing pocket openings, vents and fastening ends. Preserve darts, pleats, pocket count and silhouette.

Hardware

Existing closure only: approved size 5 coil zip for ordinary openings, size 8 for load-bearing bag opening; colour-match tape. Do not add a zip to a buttoned or pullover design. Match existing finish and silhouette.

Artwork instruction

STYLE LOCK: Pleated Wide Trouser. Use this garment’s exact saved colourway artwork and features. Preserve lettering, panel positions and proportions. Existing recorded artwork dimensions take precedence. R06 specifications do not authorize replacing an illustration with a generic logo. Vector artwork, placement strike-off and physical sample approval remain required.

Sampling measurements

R05 authored design targets from Vanta block B09. Not physical measurements or signed sample approval. Finished flat cm after relaxation. Preserve the saved design; M is the sample size. Elastic stretch performance must be tested on the actual material.

Pleated Wide Trouser — R05 proposed finished targets

size	waist	hip	frontRise	backRise	thigh	knee	legOpening	inseam
S	40	52	29	39	31.5	28	27	79
M	42	55	30	40	33	29	28	80
L	44	58	31	41	34.5	30	29	81
XL	46	61	32	42	36	31	30	82
XXL	48	64	33	43	37.5	32	31	83

Measurement rule

Widths are one-side flat widths, not body circumference. Retained numbers remain design targets. Do not scale mockup photographs for pattern dimensions. Confirm tolerances, seam reserves, fit and movement on the sample.
