Pleated Culotte Shorts - Charcoal Pinstripe

vn-pdf-p06-2-r3-a2

Resolved reference finding

Full-resolution front and rear references both show separate leg openings and a crotch division. This is a pleated culotte short, not an unverified skirt with hidden inner shorts. The four exterior views are retained and the construction/description now explicitly state two outer trouser legs.

Version precedence

R10 correction pack supersedes conflicting R07/R08/R09 descriptions, references and affected dimensions. Retain unchanged original specifications. This closes the reference finding, not bulk-production approval.

Design authority and limits

R10 is an authored design-reference correction under the owner instruction to finish the findings. Rendered rear views and hidden construction are documented design decisions. They are not photographs of manufactured samples. Actual fit, material performance, hardware tooling and embroidery sew-out still need factory validation.

pdf-p06-2-r3-a2-back

Construction and artwork

Design features

Two separate outer trouser legs and crotch seam, visible in front and rear views
Dense pleats create a skirt-like volume
Charcoal pinstripe fabric
Branded waistband and saved white details

Material target

Cotton twill (design target).

Assembly

Construct two outer short legs with front/back rise and inseam seams; overedge allowances, join crotch and apply waistband. Set pleats symmetrically and match pinstripes. This is not a single skirt shell; no concealed short component is required to explain the saved design.

Hardware

No exposed zip or metal hardware visible. Retain waistband construction and use a concealed side closure only if the fitted pattern requires it; sample must demonstrate entry/fit.

Artwork instruction

STYLE LOCK: Womens Sport Short — Charcoal Pinstripe. Use this garment’s exact saved colourway artwork and features. Preserve lettering, panel positions and proportions. Existing recorded artwork dimensions take precedence. R06 specifications do not authorize replacing an illustration with a generic logo. Vector artwork, placement strike-off and physical sample approval remain required.

Sampling measurements

Measurements in centimetres with the garment laid flat. Chest, waist and hip are widths across one side, not body circumferences. Compare with a similar garment you own.

Pleated culotte shorts / retained sampling targets

size	waist	hip	inseam
S	32.5	48.5	11.5
M	35	51	12
L	37.5	53.5	12.5
XL	40	56	13
XXL	42.5	58.5	13.5

Measurement rule

Widths are one-side flat widths, not body circumference. Retained numbers remain design targets. Do not scale mockup photographs for pattern dimensions. Confirm tolerances, seam reserves, fit and movement on the sample.
